

## Checklist for Spring Bear Hunting

Temperature Range	Low	High	Rainfall Days w/ measured Precip.
May	38	55	May 10
June	45	62	June 8

### Suggested Hunting Equipment

- Stockingfoot Hip-Length Waders (Cabela's Item #:IK-830085) with Wading Shoe (Cabela's, Item #:IK-831298)
- Helly Hanson Impertech Guide Coat or Swazi, Wapiti Coat, [www.swazi.co.nz](http://www.swazi.co.nz)  
[www.hhworkwear.com/ww/products/220/70149/impertechguidecoat](http://www.hhworkwear.com/ww/products/220/70149/impertechguidecoat) (Knee Length to cover well over boot tops)\*
- Hunting Pants (preferably Wool or Polar Fleece - absolutely NO COTTON!)
- Hunting Shirts (preferably Wool or Polar Fleece - long sleeved, absolutely NO COTTON!)
- Sweater/Jacket/Vest (not nylon - *quiet* material only)
- Silk or Polypropylene underwear (light or medium weight)
- Wool Socks with light-weight liners
- Hunting cap/hat (Dark or Camo colored)
- Gloves (Wool and Rubber or Neoprene)
- Face Mask and light-weight camo gloves (for concealment during stalking)
- Insect Repellent and Fine Mesh Head-net or Thermancell
- Casual Clothes (for relaxing on board - tee shirt/sweatshirt/jeans)
- Deck or Tennis Shoes
- Rifle/Scope - .375 minimum Caliber, Swarovski 2-10, 30mm Tube with Heavy or Illuminated Reticle
- Binoculars - Swarovski 10x42 (No spotting scope necessary)  
Swarovski Optics are available@Outfitter pricing. Contact Dustin@435-680-3432, dustinh@rosenbruch.org
- Waterproof Gun Bag (for open skiff travel - available for purchase on board with advance notice) [www.nomaralaska.com](http://www.nomaralaska.com)
- Gun Oil, rag, rod
- Flashlight, batteries, extra bulb
- Camera, film or memory cards, batteries (power available to charge camera batteries)
- Small day pack or fanny pack
- Person Toiletries/Medication
- Dry Bag (for personal items aboard small skiffs)\*

- ◆ Dress in layers for wet/cool weather with soft, **QUIET**, dark colored outer layers.
- ◆ Pack all gear in soft-sided duffel-type bags for ease in bush plane and boat loading. Pack lightly! You do not get dirty! (NO LAUNDRY SERVICES AVAILABLE)
- ◆ Optics are *very* important - 30 mm tube for *very* low light; with HEAVY or ILLUMINATED reticle.
- ◆ .375 H&H Mag or larger, with heaviest and softest bullet available (Hornady soft-nose, heaviest available for caliber).  
.30-06, 7mm, and .300 mag are NOT sufficient for Brown OR Black Bear. We've had poor results w/ .338
- ◆ \* Items marked with an asterisk are available through Seclusion Outfitters, Inc. Contact: Alisha Rosenbruch-Decker (907)321-2180.
- ◆ Notify Glacier Guides, Inc. of any Medical Conditions that may affect your health and well-being during the hunt.
